

Thursday 6th April 2017

PEARL A

09:00 - 10:30

CORONARY ARTERY DISEASE, AND HEART FAILURE: THE NEED FOR AN ICD

Co-Chairmen: **Khalifeh Khalifeh (FR)** - **Sobhi Dada (LB)**

Sustained ventricular arrhythmias occurring within 48 hours of acute MI: when ICD is appropriate?

Michel Chauvin (FR)

Is it still appropriate to delay the ICD implant after revascularization?

Luc Jordaens (BE)

Can I-123 metaiodobenzylguanidine imaging help selecting patients for an ICD?

Maroun Karam (LB)

Coronary Intervention in patients with Ischaemic Cardiomyopathy and Arrhythmia

Samih Lawand (SA)

PEARL C

09:00 - 10:30

CHALLENGING CASES: MANAGEMENT OF AFIB

Co-Chairmen: **Joseph Chami (LB)** - **Freddy Abi samra (US)**

1. Elderly male with AF and recurrent bleeding

Case presenter: Joe Maalouf (US)

2. 60 y/o. man having had 2 PV isolations (1 followed by a left sup PV occlusion), 1 isthmus ablation and 3 cardioversions, recurs very symptomatic AF episodes despite antiarrhythmic drugs. In addition intolerance to amiodarone and sotalol. Attitude?

Case presenter: Luc De Roy (BE)

3. Elderly male with AF and EF 20% and normal LV systolic and diastolic dimension and normal pulmonary arterial systolic pressure and HR = 120 bpm

Case presenter: Jacques Mansourati (FR)

4. 78 y/o patient with asymptomatic pace-maker detected atrial arrhythmias

Case presenter: Najmeddine Echahidi (FR)

10:30 - 11:00 Coffee Break

11:00 - 12:30

ECG NIGHTMARES BECOME EASY AT THE END

Chairman: **Samer Nasr (LB)**

Case presenters

Luc De Roy (BE)

Walid Saliba (US)

Panelists: **Chawki Abdallah (LB)** - **Malek Khatib (LB)** -

Alexandre Kharma (LB)

11:00 - 12:30

ABLATIVE THERAPY: INNOVATIVE TECHNIQUES AND PROCEDURES

Co-Chairmen: **Antonio Raviele (IT)** - **Johnny Abboud (LB)**

Cardiac anatomy for the electrophysiologist

Michel Chauvin (FR)

Cooling vs heating: Lessons learned from imaging AF ablation patient

Nassir Marrouche (US)

Our experience in Cryo-ablation

Hassan Mansour (LB)

Selecting the appropriate strategy for ventricular tachycardia ablation: Outside in or inside out?

Mario Njeim (LB)

12:30 - 13:00

Rapid fire session (Novartis)

HAVE WE OVERCOME THE PLATEAU IN THE DRUG THERAPY OF HEART FAILURE?

TBA

12:45 - 13:45

CRYSTAL ROOM

St Jude Medical (now Abbott) workshop

LATEST TECHNOLOGIES IN HEART FAILURE AND ADVANCED ABLATION

(On invitation only)

13:00 - 13:30

Special Lecture (Boehringer)

Chairman: **Samir Arnaout (LB)**

WHAT SHOULD THE CARDIOLOGIST KNOW ABOUT SGLT2 INHIBITORS?

Charles Saab (LB)

13:30 - 14:30

LUNCHEON PANEL offered by Surveal

VASCULAR HEALTH PROTECTION: STATINS AND MORE

Management of dyslipidemia: beyond statin therapy

Nicola Ferri (IT)

Vitamin K2 & Cardio Vascular Health: the Evidence!

Rita Nembr (LB)
